Festival of Fresh Faces was created:

to mutually connect the general public, artists, and business communities into a single community through a single event. The resulting performances showcase fresh works in music, theatre, dance, and film by emerging artists, all proceeds going to the creation of new and contemporary art by emerging talent. The 2002 festival will present works based on the theme: New Visions for Changing Times, and is scheduled for April 10-14, 2002, including a special Artistic Pick Showcase and Awards Night on the 14th. In addition to performance art, a visual art exhibition will also be displayed in selected areas.

Festival of Fresh Faces aims to:

1. Provide the general public: an affordable opportunity to see a variety of exciting, interesting, and inspiring performances for a good cause.
2. Provide new artists: a performance venue for their new work and a chance to make a difference in the lives of others through their artistic skills.
3. Provide businesses and donors: publicity, visibility, and an opportunity to support the artist community and empowering beneficiaries simultaneously.
